**URGENT;**

Dr Van Foot-in-the-Grave is missing, presumed dead!!

This must be the work of the disgraced Professor Littlebody!! He is the only one who knew how close Van Foot had finally come in his life long goal of creating the formula to Eternal life – We don't know how but he knew the formula was complete.

We now need to secure that formula before it falls into the wrong hands!!

As you know Dr Foot-in-the-Grave had become very secretive in these last few months and had put many measures in place to prevent anyone from taking the formula.

You need to work through these measure and open the correct box that has the Formula for Eternal Life...

**Remember:**

None of his labels matched the contents of each container... Open the wrong one and the consequences may be catastrophic for all.
